(INCORPORATED)**SHOES AND STOCKINGS.**

A Way by Which Their Lasting Qualities May Be Increased.

While your shoes are new or before the soles are much worn apply with a small brush several coats of linseed oil, letting it dry in well each time before reapplying. The oil acts much the same on the leather as it does on wood, and if the applications of oil are repeated frequently the sole may be preserved intact indefinitely.

It sounds unreasonable to talk of preserving hosiery to any appreciable extent, but it may be done. The oftener hosiery is washed the longer it will last. By washing I do not necessarily mean the ordinary laundry method, which is calculated to fade and rot the fiber. Really, to preserve hosiery it must have personal supervision. Stockings should never be worn longer than one day. They should then be rinsed in lukewarm water with a few drops of ammonia in it, dried and worn without ironing. This repeated wetting of the fiber keeps it so firm and strong that it will not break at the points of greatest distention. This treatment applies to cotton, lisle thread and silk hosiery. If you will treat your new hose this way from the beginning, you need darn but very little. Of course in time all hosiery, however expensive or strong, will succumb to wear, but the above method of treatment will double the lasting qualities.—New York World.

**THE LETTER THAT KILLETH.**

Trifling Errors That Have Had Big Results in Court.

It is on record that Lord Denman established great reputation at the bar by securing an acquittal in a famous case on the ground that a certain firm described in the indictment as "proprietors of a silk and cotton lace manufactory" should have been described as "proprietors of a silk and of a cotton lace manufactory," it having been ascertained that they made both silk and cotton lace.

In 1827 a judge quashed an inquisition for murder because it was referred to the jurors as "on their oaths" instead of "on their oath."

In yet another case the judge held that the omission of the word "ewe" was sufficient to invalidate a conviction because the word "ewe" as well as "sheep" had been in the statute.

In 1841 Lord Cardigan was indicted for firing on Captain Tucket in a duel. He was acquitted because the captain's Christian names were wrongly entered in the indictment.

In another case about the same period a legal document was invalidated because the letters A. D. were used instead of the words "In the year of our Lord."—Westminster Review.

**Bats in a Bedroom.**

An army of bats invaded the bedroom of a rectory in Dorsetshire, and from every part of the room they could be heard plunging against mirrors and glasses, knocking against the ceiling, while too often to be pleasant one would hit against the head of the bed. The rector struck a match and lit a candle. This served to attract the creatures nearer to that particular part of the room in which the bed was placed. Then the reverend gentleman placed the candle near an open window, only to find that other bats began to come in, so that it was impossible to count how many there were in the room. Another plan was tried. All the curtains were drawn aside and the east window opened wide. The light was put out, and the visitors gradually dispersed.—London Standard.

**Yawning Fish.**

The mouth of the turbot is twisted to one side, rather as if it had belonged to a round fish which some one had accidentally trod on and squashed half flat. The yawn begins at the lips, which open as if to suck in water. Then the jaws become distended, and it is seen that this is going to be a real, genuine fish's yawn. But the yawn goes on, works through the back of its head, distending the plates of the skull, and comes out at the gills, which, open, show the red inside and are inflated for a moment, and then, with a kind of stretching shiver of its back, the fish flattens out again.—London Mail.

**Originality Needed.**

To revive an old style of building, no matter how well it may be done, does nothing to advance the art of building. It would at the best be but a copy of an old work. Painters copy old masters for the purpose of study, but copying pictures will never make a painter's reputation. Something new must be achieved, some original work executed, before any advance in art is possible. So it is with architecture.—Country House.

**Word Painting.**

Jimmy (reading)—"Casey swatted de leather into left garden fer a brace of sacks an' den plifered thoid base an' dented de pan on Mullegan's lallipaloosa, dat sailed over Outfielder Shaugnassy's nut." I tell yer, Willie, dat's word paintin', dat is! Shake-speare never could beat dat!—Exchange.

**An Eye Closes.**

Griggs—I say, old man, what's good fer insomnia? I haven't closed my eyes for five nights. Colonel—You want to have a boxing match. The first time I tried it, I remember, my eyes were closed for a fortnight.

**The Flight of Time.**"When did you move into the suburbs?"  
"Three cooks ago."—Puck**NATURE'S ESSENCE.**

Extracted From Forest Plants.

Nature's laws are perfect if we obey them, but disease follows disobedience. Go straight to nature for the cure, to the forest; there are mysteries here that we can fathom for you. Take the bark of the black-cherry tree, the root of man-frake, stone root, queen's root, bloodroot, and golden seal root, make a scientific, non-alcoholic extract of them with just the right proportions and you have Dr. Pierce's Golden Medical Discovery.

It took Dr. Pierce, with the assistance of two learned chemists, eight years of hard work experimenting to make this vegetable extract and alternative of the greatest efficiency. Just the sort of remedy you need to make rich, red blood, and cure that lassitude and feeling of nerve exhaustion. Dr. Pierce's Golden Medical Discovery bears the stamp of PUBLIC APPROVAL and has sold more largely in the past forty years than any other blood purifier and stomach tonic. The refreshing influence of this extract is like Nature's influence—the blood is purified and enriched—the vital fires of the body burn brighter and their increased activity consumes the tissue rubbish which has accumulated in the system. Doctor R. V. Pierce, the founder of the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and a physician of large experience and practice, was the first to make up an alternative extract of native medicinal roots, without a particle of alcohol, which purifies the blood and tones up the stomach and the entire system in Nature's own way. The Golden Medical Discovery is just the tissue builder and tonic you require when recovering from a hard cold, grip, pneumonia, or from a debilitating fever. No matter how strong the constitution the stomach is apt to get "out of kilter" now and then, and in consequence the blood is disordered, for the stomach is the laboratory for the constant manufacture of blood. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body, and so cures liver and kidney troubles. If you take this NATURAL BLOOD PURIFIER AND NERVE TONIC you will assist your system in manufacturing each day a pint of rich, arterial blood, that is invigorating to the brain and nerves, and cures the debilitated condition which over-worked people experience is usually the effect of poisons in the blood; is often indicated by pimples or boils appearing on the skin, the face becomes thin—you feel "blue." Dr. Pierce's Golden Medical Discovery cures all blood humors as well as being a tonic that makes one vigorous, strong and forceful. Dr. Pierce's Golden Medical Discovery STANDS ALONE as the one medicine for stomach, liver and blood disorders that has the ingredients printed upon the wrapper of every bottle leaving the great laboratory at Buffalo, N. Y., which cures in Nature's own way; not only does it STAND ALONE in respect to its ingredients being known, but also as the only tonic and restorative which absolutely contains no alcohol.

"I was taken with a severe cough, weakness in my back, a 'glimmer' over the eyes, had a bad breath, and stomach was out of order. I wrote to Dr. R. V. Pierce, 123 South Tenth Avenue, Tacoma, Wash. 'I felt sluggish, did not care for anything, had no life, it was almost misery to move, appetite very poor.' I read Dr. Pierce's Common Sense Medical Adviser and went right away and purchased two bottles of his 'Golden Medical Discovery,' and before I had taken all of one bottle I felt better. If any doubt the truth of this testimonial they may write to me." Dr. Pierce's Pleasant Pellets cure bad, foul stomach and constipation and so help to cure nearly every disease of mankind. They regulate the bowels and invigorate Stomach, Liver and Bowels.
